## DHM GOLF

We are Discovery Hotel Management.

We began in 2012 to manage a collection of tourism properties. Today, we are much more than that.

As a group, we currently manage 18 hotel units and 5 golf courses whose teams are fully dedicated to adding value to the guest experience every time they visit us. Experience and attitude are the keywords that define us.

We want to be much more than just another hotel chain. We believe there is another way of running a hotel business. We want to make a difference in everything we do, so that no one forgets what they have experienced with us. For this very reason, in addition to our informal approach, we are authentic: each DHM hotel has its own identity, which reflects its location and local culture, cuisine, traditions and natural surroundings.

We know we are fully capable of this, while streamlining the management, sustainability and performance of our hotels.

We are in the Eastern Algarve, very close to the Guadiana River, which is a natural border, in a place of pure escape. When you arrive here, take a deep breath and enjoy. Thanks to its location, everything it has to offer and its various spaces, the Praia Verde Boutique Hotel is the ideal place to bask in the Algarve's long, bright days, whether in summer or winter. Take a swim in our pool or go to the beach, right next door, where you will find golden sands and a sparkling sea. You can take a stroll through the pine forest, whose shade will protect you from the sun, or take a ride in our buggy. When you get back to the hotel, you can enjoy our comfortable, modern rooms and suites decorated in natural tones and full of light. There is no rush here: we want you to discover the Algarve, which is still so authentic and rustic, along with its lifestyles, handicrafts, and cuisine.

We are the Vila Monte. We are located in the Eastern Algarve, right between the mountains and the ocean. Here, time is ancient. It is a time of traditions, of flavors, a time of the rhythm of the seasons, which dress the trees of our garden in different shades, flowers and fruits, a time of the tides of the Ria Formosa lagoon, the lifestyle preserved there and the fragile ecosystem in which it persists, a time of the villages whose origins are now long gone, a time of the shepherd's slow step or of the time it takes for the fisherman's net to reach the sea after it has been cast. However, it is also a time of major changes, new challenges and experiences, of a world at the boiling point.

And it is here that we exist, in a balance between preserving our roots and taking what we want from this new world.

We want to share this new experience with you, in a space that has left the anxiety of the crowds behind. It is a southern land, this Algarve, still pristine, still raw.

A challenging layout, in a unique natural environment", Severiano Ballesteros.

The 18 hole golf course was specially designed by the world famous player Severiano Ballesteros, considered European Player of the Century, who owned Trajectory, S.L., the company responsible for the project.

The Quinta do Vale golf course has been designed to attract golfers of every level and will be a strong candidate for hosting important international championships.

Covering an area of 75 hectares, the course is fully integrated into the surrounding natural landscape, taking full advantage of the undulating terrain giving a unique character to each of the 18 holes.

Quinta da Ria Resort, situated on the coast in the Eastern Algarve, is a well-known golf attraction in the Algarve. It features two spectacular golf courses, Quinta da Ria and Quinta de Cima, both 18-hole courses with unforgettable scenery. Located just over half an hour from Faro International Airport, Quinta da Ria resort is perfectly integrated in the Ria Formosa Nature Reserve, the most significant ecosystem in the Algarve, comprised of a line of barrier islands along the coast, making this protected wetland a rich nature habitat for numerous biological species.

Designed by the well-known American Architect – Rocky Roquemore – Quinta de Cima was conceived as the championship course of the golf resort. The opening par 5 is a gentle start to the round, but the course will become tougher as the round progresses, with doglegs to the right and left and undulating greens that are well protected by large sandy bunkers and lakes.

There are also several natural creeks running through the course that will also increase its difficulty. Throughout the course, you will find many ancient carob and olive trees, which adds a certain character to the layout. The natural beauty and the challenging features of this golf course will make you return time and time again.

A scenic view of a golf course framed by large trees. The foreground is dominated by the dark, thick trunks of several large trees, which create a natural frame around the central scene. The middle ground shows a well-maintained green golf course with a small pond or water feature in the distance, surrounded by lush greenery and tall grasses. The background is a dense forest of tall trees, with sunlight filtering through the canopy, creating a dappled light effect. The overall atmosphere is peaceful and natural.

**ARCHITECT** Jorge Santana da Silva

**YEAR** 1992 **LOCATION** Inland

**HOLES** 18 **PAR** 72

Just 30 minutes from Lisbon, the Montado Hotel & Golf Resort is located in the “Costa Azul” (“Blue Coast”) region, in Algeruz (Palmela), near Palmela Castle.

The Montado Resort is surrounded by vineyards that produce the region’s famous wines. Originally an oak grove (which is what the word “montado” means in Portuguese), where bubbling streams and ponds contribute to the magic and beauty of the resort, the golf course has been carefully set in a rural landscape that provides the ideal opportunity to escape from your daily routine.

The Montado’s golf course is also known for its 18th hole, where the green is located on an island. With its 18-hole golf course and hotel, this resort is unique in the Palmela region, making it perfect for anyone, especially golfers.

A unique place with plenty of options for anyone looking to relax or enjoy some family time: take a walk on the beaches of Tróia or visit Palmela Castle, the José Maria da Fonseca cellar or the Sado Estuary Nature Park. And, of course, make sure you take the time to appreciate the region’s wonderful gastronomy including such treats as the famous Tortas de Azeitão, “Moscatel de Setúbal” muscat wine and the fabulous cheeses. The ideal combination for the perfect vacation.

Dolce CampoReal Lisboa, majesty meets serenity. Rolling hills meet idyllic countryside, and even the air seems cleaner, fresher, and more breathable. All of this tranquility is located just 30 minutes north of Lisbon, 20 minutes from the beaches of the west coast, and 30 minutes from the medieval town of Óbidos. Stay in one of our 151 rooms, play a round on the challenging 18-hole golf course, visit the equestrian center or plan a meeting or event to take advantage of our conference rooms hosting up to 650 persons. While you're here, a visit to the wine routes of the Oeste (West) region is a must. It's the best way to understand the country's wine, and to explore the landscapes, culture and history of where it is produced.

This stunning golf course is a challenging par 72 with 18 holes crossing the beautiful scenery of the protected area of the Serra do Socorro and Archeira, in the Oeste (West) region, nominated as one of the 100 most sustainable destinations in the world in 2015. Our golf course was built on land formerly used by the Portuguese royal family as a hunting reserve. Suitable for any player, this is a pleasant course winding through the hills, valleys and vineyards that stretch to the horizon.

More recently, Dolce CampoReal Lisboa was voted the best golf resort in Portugal in the Brand Awards organized by Brand Magazine.

Facilities include: Pro-Shop, Training equipment, Driving range (2 main tees, 2 chipping greens and 2 putting greens) and Clubhouse and exclusive lounge area.

We are in Vila do Conde, but we want to be more than just another hotel in the city. We want to serve as a dynamic hub for cultural events. We want to galvanize creativity, the contemporary, and that which is yet to come. In a building of distinctly modern architecture, we find our DNA in trendy décor, proximity food and our activity schedule. We want this to be a space where you can spend several days, enjoying the wild beaches of Azurara or the history of Vila do Conde, and the proximity of the city of Porto, while having a meal inspired by local flavors, enjoying our spa or simply taking advantage of a co-working space. We want to make a difference, and to be a true world inside four walls.

An aerial photograph of a serene landscape in the Azores. A large, calm lake occupies the right side of the frame, reflecting the clear sky. A winding road curves along the left and bottom edges of the lake, separating it from lush green fields. In the background, rolling hills and mountains are covered in dense green vegetation. The sky is a pale blue with a few wispy clouds. The overall scene is peaceful and scenic.

We look towards the sea as a source of inspiration that guides us every day.

We are modern, cosmopolitan and vibrant. But we never forget where we came from, our island origins, the traditions we strive to preserve, and the products and cooking techniques of our local cuisine. And, so, yes, we are a contemporary hotel, but one which has never lost its São Miguel accent.

Here, you can drink a gin with friends at the end of the day, try a dish made from the best local products (but always with a unique twist), kick back in the spa, go swimming in our panoramic pool and wake up to an unbelievable view of the Ponta Delgada marina.

We want you to have it all. To open every door for you to discover the very best of São Miguel.

On an island, which is a spontaneous garden, a valley, which is a volcano's crater, a place with Europe's highest concentration of thermal waters – some cold, some hot, some aerated, others ferrous – and where steam originating from the depths of the earth rises up, this is where you will find us: a hotel that aims to be a true experience of communing with nature and the local culture.

Leave your stress behind. Delve into the waters of our spa, where you will discover two swimming pools (one indoor and one outdoor) of thermal waters originating from the Quenturas spring. Here, we want all of your moments to be true experiences. Come discover the truly authentic flavors of regional cuisine, local products, traditional cooking techniques and the lush vegetation that surrounds us.

Then, take off to discover all of the extraordinary locations this island has to offer.
